STEP IN. STAND UP.

Campaign Guidelines
MARCH 2017
PURPOSE OF THESE GUIDELINES

With the launch of the new marketing campaign, it is important to maintain the integrity of communications across all media – print, digital, social and more.

The consistent use of logos, graphic elements, typography and color will ensure our campaign is both memorable and recognizable as distinctively ours.

These guidelines will assist our students, faculty and partners in expressing the current campaign effectively across all advertising and marketing communications executions.

CAMPAIGN STATEMENT

Created through the diligent and passionate efforts of the faculty, staff and student leaders of Texas A&M University, this campaign is a promise, a statement and a pledge — all in an effort to reduce incidents of sexual assault and sexual violence.

“Step In. Stand Up.” has been created to show survivors that we stand with them and asks others to do the same. It brings awareness to our community and encourages others to share our message. It creates opportunities to change the culture, the perception and the conversation.

We hope you’ll join us.
I WILL STEP IN AND STAND UP AGAINST SEXUAL VIOLENCE. WILL YOU?

Take the first step.
There are two important and identifiable visual elements of the “Step In. Stand Up.” communications campaign that make them stand out. The first is the vibrant teal, and the second is the bold typographic styles.

The teal serves to bring attention to important words, actions, or graphics as necessary. The bold typographic style demands that the campaign be seen and heard. Combined, these elements serve as a call to action.
LOGOS

The “Step In. Stand Up.” logo is a critical component of the campaign and must always be used in conjunction with the TAMU logo.

Strict adherence to the guidelines for logo usage ensures we project a strong and consistent persona in every platform.

Usage Guidelines

• Always use original artwork for the logos; poor-quality reproductions are unacceptable.
• Never combine the logos with other figures, words, trademarks or symbols.
• Never use the logos in a headline or copy text.
• The logos may often appear on a dark background color. To ensure optimum legibility, reversed-out logos should not appear on backgrounds with a tint lighter than 50%.
